Lake Board Opportunities in Exotic Species Management
What is a lake board?

• Quasi-governmental entity formed pursuant to state law that allows lake residents to tax themselves for the purpose of lake improvement, provided proper procedures are followed.

Lake Board Project

days after the hearing unless it is determined at the hearing that more information is needed before the determination can be made. Immediately upon receipt of the additional information, the board shall make its determination.

Popular name: Act 451
Popular name: NREPA

324.30911 County contributions toward costs of improvement.
Sec. 30911. The county board of commissioners may provide up to 25% of the cost of a lake improvement project on any public inland lake.

Popular name: Act 451
Popular name: NREPA

324.30912 Approval of plans and cost estimates; sufficiency of petition; resolution; publication; assessment roll.
Sec. 30912. If the lake board passes a resolution in which it determines the project to be practicable, the lake board shall determine to proceed with the project, shall approve the plans and estimate of costs as originally presented or as revised, corrected, amended, or changed, and shall determine the sufficiency of the petition for the improvement. The resolution shall be published once in a newspaper of general circulation in each local unit of government to be affected. After the resolution has been published, the sufficiency of the petition shall not be subject to attack except in an action brought in a court of competent jurisdiction within 30 days after publication. The lake board, after finally accepting the special assessment district, shall prepare an assessment roll based upon the benefits to be derived from the proposed lake improvement, and the lake board shall direct the assessing official of each local unit of government to be affected to join in making an assessment roll in which shall be entered and described all the parcels of land to be assessed, with the names

Act 188 for Townships

PUBLIC IMPROVEMENTS (EXCERPT)
Act 188 of 1954

41.722 Types of improvements authorized; approval; conditions.

Sec. 2. (1) The following improvements may be made under this act:

(a) The construction, improvement, and maintenance of storm or sanitary sewers or the improvement and maintenance of, but not the construction of new or expanded, combined storm and sanitary sewer systems.

(b) The construction, improvement, and maintenance of water systems.

(c) The construction, improvement, and maintenance of public roads.

(d) The acquisition, improvement, and maintenance of public parks.

(e) The construction, improvement, and maintenance of elevated structures for foot travel over roads in the township.

(f) The collection and disposal of garbage and rubbish.

(g) The construction, maintenance, and improvement of bicycle paths.

(h) The construction, maintenance, and improvement of erosion control structures or dikes.

(i) The planting, maintenance, and removal of trees.

(j) The installation, improvement, and maintenance of lighting systems.

(k) The construction, improvement, and maintenance of sidewalks.

(l) The eradication or control of aquatic weeds and plants.

(m) The construction, improvement, and maintenance of private roads.

(n) The construction, improvement, and maintenance of a lake, pond, river, stream, lagoon, or other body of water or of an improvement to the body of water. This subdivision includes, but is not limited to, dredging.

(o) The construction, improvement, and maintenance of dams and other structures that retain the waters of this state for recreational purposes.

(p) The construction, improvement, and maintenance of sound attenuation walls, pavement, or other sound...
